Replacing hay with Manuka Haylage saves our customers on average $4.00 per day for each horse fed!

SAVE approx $1,460.00 per horse, each year!

See what our satisfied customers are saying:

**BRETT PARBERY**  
**PARBERY PERFORMANCE HORSES**

“I’d say we are saving around 30% on our feed bill and I can really notice the difference now the horses are on Haylage”

**HARGREAVES FAMILY**  
**COPABELLA PERFORMANCE HORSES**

“We have halved our chaff usage and have cut back on hard feed, the horses are thriving and I’m sure the introduction of Haylage has been a significant factor. I am saving at least $4.50 per horse, a day now that we have made the switch to Haylage”

**MARY HANNA**  
**STATENE PARK**

“We are now feeding Haylage 3 times a day. Haylage is not only cost effective, but our horses have never looked better. After seeing Haylage in all the top European stables, its great to finally be able to buy it in Australia!”

**SHANE ROSE**  
**BIMBADEEN PERFORMANCE HORSES**

“The Haylage is proving to be economical and I’m very happy with how the horses are responding to it”

**MAREE TOMKINSON**  
**HIDDEN VALLEY EQUESTRIAN**

“I have no doubt that since using Haylage my feed bill has reduced by 50% and the horses are looking fantastic”

- Haylage is far higher in nutrients than any other hay
- Each 20kg bale is equivalent to approx 1.5 bales of hay
- Haylage is especially good for elite performance horses, lactating mares, and laminitis prone horses
